

Mariano Hilario

FULLSTACK DEVELOPER WITH SUFFICIENT EXPERIENCE IN LOGISTICS

About

Hello! I am Mariano Hilario, a professional with more than 20 years of experience in logistics and a solid background in web development. Outstanding skills in leadership, analytical skills, team building, communication and problem solving. Proficient in HTML, CSS, JavaScript, React, Express, Node.js, Jasmine, Jest, MongoDB, Firebase, SQL, Python, NestJS, Next.js, Bootstrap, Tailwind and WordPress. **I am looking for an opportunity to apply my technical knowledge and soft skills in creating innovative and efficient web applications.**

I am a highly organized, proactive and results-focused person, which allows me to identify areas of improvement and create innovative solutions to face challenges.

I am prepared to apply my skills and experience to improve the efficiency and profitability of any company I work for.
